DETAILED ACTION

Allowable Subject Matter

1. Claims 1-12 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art cited does not anticipate individually nor teach in combination the following limitations:
 - Ito et al(6,976,760) although disclosing a cooling system for a projector having cooling passages formed in the vicinity of the light source device cooling the outer case, Ito et al does not disclose a concave reflector having an open front end section; a light source having a light emitting unit, the unit being positioned on a focal point of the reflector; a cover attached to the open front end section of the reflector to cover the open front end section, the cover having an air inflow opening provided at a side section thereof in relation to the open front end section, at least a part of the cover being made of a transparent material, the part being a light passage through which light emitted by the light source and reflected by the reflector passes; a fan having an air outflow opening, in particular, *the fan being provided so that airflow created by the fan and blown through the air outflow opening is directed to the air inflow opening of the cover, without obstructing the light passing through the light passage, a direction of the airflow blown through the air outflow opening of the fan being opposed to a direction of the light passing through the light passage; and an air control unit provided between the air outflow opening of the fan and the air inflow opening of the cover, the air control unit controlling the airflow blown through the air outflow*

opening of the fan so that the airflow blown through the air outflow opening is flown into the reflector through the air inflow opening of the cover and directed at least to one specific section of the light source, thus cooling the specific section.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anabel M. Ton whose telephone number is (571) 272-2382. The examiner can normally be reached on 08:00-16:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sandra O'Shea can be reached on (571) 272-2378. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
